# THE BEACON

Official Newsletter of HCRN and Our Rebuilding Efforts

## Wacky Waky

Volunteers have returned to Middletown, after a break due to the pandemic. We want to thank you all for your continued support of our ministry that allowed this return to happen!

We especially want to say thank you to Wakarusa Missionary Church for giving their time and talents to safely continue the work of recovery in California's poorest county. Your presence, talents and hearts of service affected this community. It will grow in ways that will last longer than the week you spent here.

In just one week, your volunteer labor was valued at almost \$18,000. The pandemic may have slowed down much of the world, but it hasn't slowed down your willingness to serve and be a part of Rebuilding Homes and Restoring Lives!

Thank you again, and we'll see you soon!

## AmeriCorps and Recovery

Welcome AmeriCorps teams to Middletown and Paradise!

HCRN has had a long relationship with AmeriCorps over the last 20 years and we're so happy to have you join us in these recovery efforts.

In Middletown, Red 1 has been working hard to finish a rebuilt home in Lake County, and you've been such a pleasure to have around the camp.

These teams of young people have been a huge part of what recovery efforts look like in Northern California. Your decision to give a year of your lives to service has made it possible for so many people to access food, clean water, and housing.

Check out our Facebook page for more stories on these teams. ([facebook.com/HopecityNorCal](https://facebook.com/HopecityNorCal))

"Thank You  
Hope City for  
allowing us a  
chance to  
serve."
