THE BEACON

Official Newsletter of HCRN and Our Rebuilding Efforts

A Year of Miracles

We made it through 2020 because you believed in our mission to Rebuild Homes and Restore Lives! Your support allowed us to adapt to health and safety needs in the COVID era, as well as hire additional staff to complete homes that volunteer teams would normally be building. Seven more homeowners are back in safe, secure and healthy housing because of you!

Every challenge from the last year has only made our organization more confident in our mission. Will you continue to work with us in the New Year?

2021 is going to be even more miraculous as we work to open our rebuilding camp in Butte County, where the Camp Fire of 2018 in Paradise and the North Complex Fire of 2020 have destroyed over 16,000 homes.

Homeowner Denise Tait and her son, alongside HCRN CEO Kevin Cox

Denise Tait is Home!

Back in November of 2020, we held a home dedication for Denise Tait, who lost her home in the Tubbs Fire of 2017. If you missed it, we understand, November was a doozy of a month. But every homeowner who is given the keys to their rebuilt home deserves to be celebrated!

Denise has been so patient and grateful for HCRN and all of our partner organizations who made it possible for her to return home. Tait said, "I'm so excited to finally be home. I want to thank everybody. I can't even put in to words how thankful I am."

The journey to recovery is long and difficult, thank you for being a part of Rebuilding Homes and Restoring Lives!

"I can't even
put into
words how
thankful
I am."

DENISE TAIT
